FINE PERENNIALS

FOR FALL, 1948, DELIVERY
AND SPRING, 1949, RESERVATIONS

WHOLESALE ONLY

THE JOSEPH F. MARTIN CO.

PAINESVILLE, OHIO

THE JOSEPH F. MARTIN COMPANY is America's Leading, Exclusively Wholesale Source for FINE PERENNIALS . . . Quality and Dependability is the Only Secret . . . GOOD PLANTS and GOOD FRIENDS Have Done It . . . TOGETHER!!!

Dear Friends:

Is there an enterprise anywhere that can base its good fortune on anything other than its friends in its trade?

The horticultural fields aren't a wit different, and here at the Joseph F. Martin Company it is the first item in our business policy.

Through good times and bad, through shortages and surpluses, the grand group of people whom we serve with the finest that we can produce are deeply appreciated and will always be treated in full recognition of your status as the most valuable asset we have.

This Fall Catalogue is a premium presentation. The plants in it are well grown to a top standard. Fully matured in every instance, the first thing that is sold in the listing lines is the good clean quality standing in the fields.

In no instance will you receive immature seedlings, liners, or finely cut divisions.

The varieties are discriminatingly selected and only those are grown and sold that are firmly established as high yielding, high turnover items for the multitude of purposes that they serve.

That it is **RIGHT TO PLANT IN THE FALL**, is increasingly better recognized. It will be a privilege sincerely to welcome your interest again this Fall and all of us here are looking forward to it.

As it is cemented traditionally wherever fine hardy plants are a hearty interest, when you think of perennials, thanks, good friends, for thinking of us.

Cordially,

THE JOSEPH F. MARTIN CO., Inc.

Hardy Chrysanthemums

The plants listed in this premier presentation are **all field grown, all fully developed one year, all heavily stoloned, and all will be shipped to you without a single stolon removed.** THERE ARE NO DIVISIONS in our mum fields.

The Varieties are without peer anywhere. They include those new ones of our introduction, superlative indeed. Plus these, the work of originators, aggregated and thoroughly tested in our trials, are set forth with their quality assured — you risk no trial — they are really good and each is tops in its classification.

The whole is a grand opportunity to profit by their acquisition. They are stock plants, clean and loaded for production. They are merchandising units with the heavy nature that will appeal to your buyers. For any purpose that Hardy Mums have, and these are legion for they are established leading profit providers, these plants will do the job and do it well.
